ENGLISH TUTORIALS

■ <u>jQuery Reading Material</u> Learn the details behind building jQuery plug-ins at fundamental level.

edit

General Tutorials

These tutorials cover the fundamentals of the jQuery library covering a diverse number of topics.

■ How jQuery Works by John Resig. 🗗

A basic introduction to jQuery and the concepts that you need to know to use it.

Tags: <u>jQuery Core</u>, <u>Selectors</u>, <u>CSS</u>, <u>Traversing</u>, <u>Manipulation</u>, <u>Events</u>, <u>Effects</u>

■ Getting Started with jQuery by Jörn Zaefferer 🗗

Goes through the basics of jQuery, all the way up to building plugins.

Tags: jQuery Core, Selectors, Attributes, Traversing, Manipulation, Events, Effects, Ajax, Plugins

■ <u>jQuery For Designers</u> by <u>Mark Panay</u> 🗗

Examples of writing Unobtrusive JavaScript to add simple behavior to a web page.

Tags: Selectors, Manipulation, Effects, Events

An interactive demonstration of the basics behind jQuery.

Tags: Selectors, Attributes, Traversing, Effects, Manipulation

jQuery API Tutorials

These tutorials directly look at different concepts presented in the <u>jQuery API</u> and discuss them indepth.

jQuery Core [edit]

■ Introducing \$(document).ready() by Karl Swedberg 🗗

An introduction to the \$(document).ready() function and explaining how important it is.

Tags: jQuery Core

■ Multiple \$(document).ready() by Karl Swedberg 🗗

Some advanced tips for working with \$(document).ready().

Tags: jQuery Core

Quicker Than window.onload()

<u>edit</u>

Traversing and Selectors

■ How to Get Anything You Want by Karl Swedberg 🗗

An introduction to jQuery selectors and traversal methods, and their use in navigating the $\ensuremath{\mathsf{DOM}}$

Tags: Selectors, Attributes, Traversing

■ Zebra Striping Made Easy by Jack Born 🗗

Walking through the simple code needed to stripe table rows.

Tags: Traversing, Selectors, CSS, Events

■ Auto-Selecting Navigation by Remy Sharp 🗗

Highlighting the current page in a navigation menu.

Tags: Selectors, Attributes, Traversing

■ 5 Quick jQuery Tips by Rowan Lewis 🗗

Some quick, short, examples of what you can do with jQuery.

Tags: Selectors, Attributes, Traversing, Manipulation, CSS

- Stylesheet Switcheroo 🗗

Using jQuery selectors to get the current value or option from a select list.

<u>edit</u>

Manipulation, Attributes, and CSS

■ Wrapping Images With A Drop Shadow by Jack Born &

A simple example of using .wrap() to add a drop shadow to an image.

Tags: Manipulation

■ Rounded Corners by Jack Born 🗗

Adding rounded corners to an element, using no extra markup.

Tags: Manipulation

■ Multiple File Upload Magic by Jack Born &

Building an unobtrusive multiple file upload input.

Tags: Selectors, Attributes, Manipulation, Events, Forms

■ Getting Around The Minimum Height Glitch by Yansky

Just a quick tutorial for getting around the min-height glitch

Tags: Selectors, CSS

PNG Opacity Fix for IE6 by Timo Besenreuther

How to make transparent PNGs possible in Internet Explorer 6

- Fancy Drop Cap 🗗 (Part 2 🗗)
- Multiple Fancy Drop Caps 🗗
- <u>Semi-transparent Rollovers</u>
- Fancy quote marks while preserving presentation &
- Turn Nested Lists Into a Collapsible Tree With jQuery &
- Easy Multi Select Transfer with jQuery 🗗
- rs membership

[edit]

Events

■ Mouse Position by Patrick Hall 🗗

Some quick examples of finding the position of the mouse on a page.

Tags: Events, Attributes

Accordion Menu (Screencast) by John Resig

Building a simple, unobtrusive, Accordion-style menu using basic events and animations.

Tags: jQuery Core, Selectors, Attributes, Events, Effects, Screencasts

AJAX and Events by Karl Swedberg and Jonathan Chaffer

Discusses binding event handlers to DOM elements at the appropriate times.

Tags: Ajax, Events, Manipulation

■ Really Simple Live Comment Preview by Karl Swedberg &

Adding a live preview to the comment entry area of Wordpress.
